Title Index

A	
A meta-analysis of three identified single nucleotide polymorphisms at 1p13.3 and 1q41 and their associations with lipid levels and coronary artery disease	33:1
A real-world impact of cost-effectiveness of pegylated interferon/ribavirin regimens on treatment-naïve chronic hepatitis C patients in Taiwan	33:44
Aberrant β -catenin expression in urothelial carcinomas in blackfoot disease-endemic areas	33:11
Acceleration of skin wound healing by low-dose indirect ionizing radiation in male rats	33:385
Achieving a shorter pleura-to-lesion distance by using a coil to mark the fissure side in preoperative lung nodule localization	33:104
<i>Achyranthes bidentate</i> saponins protect rat articular chondrocytes against interleukin-1 β -induced inflammation and apoptosis <i>in vitro</i>	33:62
Acupuncture-related penetrating eye injury	33:473
ADAMTS-3, -13, -16, and -19 levels in patients with habitual abortion	33:30
An uncommon cause of anterior elbow pain: Diagnosis and injection for bicipitoradial bursitis using ultrasonography	33:212
Analysis of <i>MMP-7</i> and <i>TIMP-2</i> gene polymorphisms in coronary artery disease and myocardial infarction: A Turkish case-control study	33:78
Angiosarcoma of kidney with calcification: A rare case report	33:367
Application of noninvasive brain stimulation for post-stroke dysphagia rehabilitation	33:55
Are optic discs with large physiological cups really healthy?	33:159
Assessment of therapeutic effect of human chorionadotropin in a chemical cystitis model	33:229
Association between the eruption of the third molar and caries and periodontitis distal to the second molars in elderly patients	33:246
Association of copy number variations in complement factor H-Related genes among age-related macular degenerative subjects	33:602
Association of <i>MMP-2</i> and <i>MMP-9</i> expression with recurrences in primary spontaneous pneumothorax	33:17
Association of plasminogen activator inhibitor-1 and vitamin D receptor expression with the risk of keloid disease in a Chinese population	33:24
B	
BMP-2 combined with salvianolic acid B promotes cardiomyocyte differentiation of rat bone marrow mesenchymal stem cells	33:477
C	
Chloroquine and hydroxychloroquine inhibit bladder cancer cell growth by targeting basal autophagy and enhancing apoptosis	33:215
Cholesterol granuloma of the orbit	33:422
Clinicopathological evaluation of Marjolin ulcers over two decades	33:327
Community-acquired <i>Legionella pneumophila</i> pneumonia presenting with spontaneous pneumothorax	33:530
Comparison of echocardiographic findings in patients with nonfunctioning adrenal incidentalomas	33:295
Comparison of EMG signals recorded by surface electrodes on endotracheal tube and thyroid cartilage during monitored thyroidectomy	33:503
Comparison of renal pelvic pressure and postoperative fever incidence between standard- and mini-tract percutaneous nephrolithotomy	33:36
Comparison of serum acetyl hydrolase (PAF-AH) and paraoxonase 1 (PON1) values between prostate cancer patients and a control group	33:572

II	Title Index
Computed tomography findings predicting the success of silodosin for medical expulsive therapy of ureteral stones	33:290
Correlation between change of tongue area and skeletal stability after correction of mandibular prognathism	33:302
Correlation of benign prostatic obstruction-related complications with clinical outcomes in patients after transurethral resection of the prostate	33:144
Correlations of dietary energy and protein intakes with renal function impairment in chronic kidney disease patients with or without diabetes	33:252
Corrigendum to "Evaluation of mechanical strengths of three types of mini-implants in artificial bones" [Kaohsiung J Med Sci 33 (2) (2017) 96-101]	33:163
Cost effectiveness of hepatitis C treatments: Need for a comprehensive evaluation	33:584
Cytoreductive cryosurgery in patients with bone metastatic prostate cancer: A retrospective analysis	33:609
D	
Development and <i>in vivo</i> evaluation of self-microemulsion as delivery system for α -mangostin	33:116
Distinct clinical characteristics of paroxysmal nocturnal hemoglobinuria in patients in Southern Taiwan: A multicenter investigation	33:405
Distribution and number of Cajal-like cells in testis tissue with azoospermia	33:181
Distribution of genes encoding resistance to aminoglycoside modifying enzymes in methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) strains	33:587
Drug interaction between valproic acid and carbapenems in patients with epileptic seizures	33:130
Dysregulation of glucose metabolism since young adulthood increases the risk of cardiovascular diseases in patients with bipolar disorder	33:630
E	
Early development of saphenous vein graft infected pseudoaneurysm caused by perioperative <i>Enterobacter cloacae</i> bacteremia	33:637
Educational intervention on physical restraint use in long-term care facilities - Systematic review and meta-analysis	33:411
Effect of age on biochemical recurrence after radical prostatectomy	33:91
Effect of obturator nerve block during transurethral resection of lateral bladder wall tumors on the presence of detrusor muscle in tumor specimens and recurrence of the disease	33:86
Effect of platelet-rich plasma on reconstruction with nerve autografts	33:69
Effects of gripping volume in the mechanical strengths of orthodontic mini-implant	33:578
Effects of nicorandil on renal function and histopathology in rats with partial unilateral ureteral obstruction	33:236
Efficacy and safety of barbed suture in minimally invasive radical prostatectomy: A systematic review and meta-analysis	33:107
Efficacy of holmium laser enucleation of the prostate (HoLEP) in men with bladder outlet obstruction (BOO) and non-neurogenic bladder dysfunction	33:458
Epstein-Barr virus-positive mucocutaneous ulcer	33:50
Evaluation of mechanical strengths of three types of mini-implants in artificial bones	33:96
Excretory/secretory proteases and mechanical movement of <i>Anisakis pegreffii</i> infective larvae in the penetration of BALB/c mice gastrointestinal	33:594
External validation and comparison of the scoring systems (S.T.O.N.E, GUY, CROES, S-ReSC) for predicting percutaneous nephrolithotomy outcomes for staghorn stones: A single center experience with 160 cases	33:516
F	
Factors affecting therapeutic response to Rivastigmine in Alzheimer's disease patients in Taiwan	33:277
G	
Gambogic acid improves non-small cell lung cancer progression by inhibition of mTOR signaling pathway	33:543
Genetic diversity of multidrug-resistant <i>Mycobacterium tuberculosis</i> strains isolated from tuberculosis patients in Iran using MIRU-VNTR technique	33:550
Genetic polymorphism in matrix metalloproteinase-9 and transforming growth factor- β 1 and susceptibility to combined pulmonary fibrosis and emphysema in a Chinese population	33:124
Ginseng polysaccharide serves as a potential radiosensitizer through inducing apoptosis and autophagy in the treatment of osteosarcoma	33:535
Glutathione peroxidase 3 gene polymorphisms and the risk of sudden sensorineural hearing loss	33:359
H	
Hepatocellular carcinoma metastatic to kidney mimicking renal cell carcinoma	33:161
High frequencies of a favorable IL-28B rs8099917 polymorphism and the clinical implications in patients with HCV in one multiracial area of Taiwan	33:510

High Nrf2 expression in alveolar type I pneumocytes is associated with low recurrences in primary spontaneous pneumothorax	33:496
I	
Improved fat transplantation survival by using the conditioned medium of vascular endothelial growth factor transfected human adipose-derived stem cells	33:379
Independent and additive interaction between polymorphisms of <i>tumor necrosis factor</i> α -308 and <i>lymphotoxin</i> α +252 on risk of hepatocellular carcinoma related to hepatitis B	33:453
Interactive effects between <i>Lymphotoxin</i> α +252 polymorphism and habits of substance use on risk of hepatocellular carcinoma	33:334
Intravenous drug abuse is a risk factor in the failure of two-stage treatment for infected total hip arthroplasty	33:623
Is reflux symptom index reliable to assess the reflux status of chronic rhinosinusitis patients?	33:318
L	
Late-onset nonlesional nondominant frontal lobe seizures presenting as ictal dyscalculia	33:52
M	
Manifestation of hyperaldosteronism related hypokalemia in a case of anorexia nervosa	33:533
miR-206 enhances nasopharyngeal carcinoma radiosensitivity by targeting IGF1	33:427
Motorized injector-assisted intrascleral intraocular lens fixation	33:137
N	
Neurocognitive function in clinically stable individuals with long-term bipolar I disorder: Comparisons with schizophrenia patients and controls	33:260
Nodular fasciitis causing progressive limitation of knee flexion in a marathon runner: Imaging with ultrasound and magnetic resonance	33:266
O	
Observation of bifid mandibular canals on cone-beam computed tomography	33:475
Osteolytic lesions resulting from opportunistic infections	33:365
P	
Partial nephrectomy vs. radical nephrectomy for stage I renal cell carcinoma in the presence of predisposing systemic diseases for chronic kidney disease	33:339
Pegylated interferon plus ribavirin combination therapy in postliver transplant recipients with recurrent hepatitis C virus infection	33:284
Periodontal surgery improves oral health-related quality of life in chronic periodontitis patients in Asian population	33:523
Placental apoptosis in recurrent miscarriage	33:449
Primary cutaneous sarcomatoid carcinoma presenting as a rapidly-growing and ulcerative tumor of the skin	33:315
Proposal of a diagnostic algorithm for intraductal ultrasonography to distinguish between benign and malignant biliary strictures	33:351
Q	
Quality of life and functional capacity are adversely affected in osteoarthritis patients with neuropathic pain	33:152
R	
Rapamycin-ameliorated diabetic symptoms involved in increasing adiponectin expression in diabetic mice on a high-fat diet	33:321
Regulatory effects of miR-146a/b on the function of endothelial progenitor cells in acute ischemic stroke in mice	33:369
Relationship of mast cell density with lymphangiogenesis and prognostic parameters in breast carcinoma	33:171
Relationship of the MTHFD1 (rs2236225), eNOS (rs1799983), CBS (rs2850144) and ACE (rs4343) gene polymorphisms in a population of Iranian pediatric patients with congenital heart defects	33:442
Reply to "cost effectiveness of hepatitis C treatments: Need for a comprehensive evaluation"	33:586
Robotic versus conventional laparoscopic cholecystectomy: A comparative study of medical resource utilization and clinical outcomes	33:201
Role of cyclooxygenase-2 inhibitors in the survival outcome of colorectal cancer patients: A population-based cohort study	33:308
Role of interleukin-6 and pentraxin 3 as an early marker in Peyronie's disease	33:195
S	
Selective regulation of IKK β /NF- κ B pathway involved in proliferation inhibition of HFLS-RA cells induced by 1,7-dihydroxyl-3,4-dimethoxyxanthone	33:486

IV	Title Index
Serum <i>Wisteria floribunda</i> agglutinin-positive Mac-2-binding protein expression predicts disease severity in chronic hepatitis C patients	33:394
Spontaneous intramural esophageal dissection mimicking esophageal rupture	33:102
Surgical management of urinary stones with abnormal kidney anatomy	33:207
T	
The <i>EIF3a</i> Arg803Lys genetic polymorphism is associated with susceptibility to and chemoradiotherapy efficacy in cervical carcinoma	33:187
The association of genetic polymorphisms of hypoxia inducible factor-1 alpha and vascular endothelial growth factor with increased risk of chronic obstructive pulmonary disease: A case-control study	33:433
The effect of cranioplasty in cognitive and functional improvement: Experience of post traumatic brain injury inpatient rehabilitation	33:344
The effects of pirfenidone on T helper cells in prevention of intraperitoneal adhesions	33:271
The feasibility of sugammadex for general anesthesia and facial nerve monitoring in patients undergoing parotid surgery	33:400
The outcomes of glucose abnormalities in chronic hepatitis C patients receiving interferon-free direct antiviral agents	33:567
The relationship between the <i>CYP19</i> alleles rs727479A/C, rs700518A/G, and rs700519C/T and pregnancy outcome after assisted reproductive technology in patients with polycystic ovary syndrome in a Chinese population: A population-based study	33:558
The role of interleukin-1 β and extracellular signal-regulated kinase 1/2 in glucose-stimulated insulin secretion	33:224
Three dimensional versus standard miniplate fixation in the management of mandibular fractures: A meta-analysis of randomized controlled trials	33:464
Transcutaneous electrical nerve stimulator of 5000 Hz frequency provides better analgesia than that of 100 Hz frequency in mice muscle pain model	33:165
Treat penile Mondor's disease with corticosteroid cream	33:424
U	
Upper gastrointestinal bleeding caused by <i>Strongyloides stercoralis</i> : Highlighting a neglected parasitic infection	33:269
V	
Vonoprazan treatment improves gastrointestinal symptoms in patients with gastroesophageal reflux disease	33:616
